

# PADI® Drysuit Specialty 2008 (UK Orientation)

If you learnt to dive in a wet or semidry suit or are not completely happy with your diving skills in a drysuit then this course is for you.

- Get valuable experience using a drysuit for UK diving.
- Gain a recognised qualification to allow you to rent a drysuit.
- Add towards your Master Scuba Diver rating.
- Discover the rich life and wrecks to be found in British waters.

To enable you to do this safely and comfortably we offer you the Drysuit Specialty course. This course not only teaches you how to use a dry suit but also teaches you about diving in British conditions.

The programme consists of a pool session to familiarise you in the use of a dry suit followed by two open water dives to let you experience drysuit diving for the first time under the supervision of an instructor.

<b>Materials required:</b>	Specialty Diver Crew-Pak including DVD ( <b>£35</b> )
<b>Materials provided for course:</b>	Air fills, Certification. DrySuit
